How Many Firsts?

Good evening ladies and gentleman and welcome to the Cantilever Park for this FA Cup First Round Qualifying tie. May I take this opportunity to offer a warm welcome to all players, officials and supporters of South Shields FC Football Club to Warrington? I trust you all have an enjoyable stay and a safe journey home after the match.

It is hard to know exactly where to start with this first editorial of the new season. So much has happened since the last season was prematurely curtailed on a global stage. Much uncertainty surrounded the football world for many months but eventually things began to roll again. South Shields were as affected as much as most clubs by the premature conclusion in that they were favourites for the automatic promotion position. Although for different reasons we still have something in common in that we would have gone up the season before were the set up as a normal campaign, but that extra play-off game was one too far. Just look at Kings Lynn Town now, elevated to the National League.

This is a first as far as we are concerned regards producing a digital only programme. It is a stance we have been pushed into by governmental and football authority guidance and it may be the format for the early part of the season unless circumstances change.

I know many of you would prefer a printed programme. I would too in truth, but if such small actions help prevent the spread of the virus then any objections can't really be vindicated in the circumstances.

Shields will no doubt be favourite for promotion again and I suspect neither club got a draw they wanted at this early stage of the competition. I am sure it is another first for us to commence our home league campaign with an FA Cup tie. Whilst we may have occasionally started our season in September back in the early days of our history, I don't think we have ever had to wait until the 19th of the month to commence. Some leagues won't begin until

October though. This season will be ending later than normal too, although probably not as late as we have ever finished, if it sticks to plan. That of course remains shrouded in uncertainty

In the event of a draw there will not be a replay tonight. It will be straight to penalties and that format is to be kept throughout the season. Whether it becomes a permanent arrangement in future who knows but I hope not. Replays are part of what gives the FA Cup it's sense of tradition in the football calendar and makes it unique to British football.

Our pre-season campaign was as long as for many a seasons with nine games in all. A more detailed breakdown of that will appear later in the programme.

The serious stuff started on Saturday when we travelled to Basford United. It proved to be a winning start for Town as we came away with a fine 2-0 win. Both goals came in the first half. Jack Dunn made the breakthrough just shy of the half hour mark and Bohan Dixon doubled our lead with four minutes to go to the break. Any away win is of course good and Basford were one of the higher placed clubs last season, so following on from that the result is all the more encouraging. We take nothing for granted though. We still have so much to do, not least against fellow league opposition this evening. I was asked how long ago it was since we won our opening game of a new season, the thought being it was quite some season ago. In fact it was just three seasons ago, also a 2-0 win, but at home to Rushall Olympic. With Shields also winning comfortably at home on Saturday it emphasises just how tough a challenge we face this evening

We will be at home again on Saturday when we face Gainsborough Trinity, kick off 3-00 p.m.

Don't forget to check the Warrington Town website for all the latest news and results involving everything to do with Warrington Town. This can be accessed at

We have played Hyde United the most in the FA Cup with six meetings, including replays. We have met two clubs on four separate occasions, these being Stalybridge Celtic and North Ferriby United.

We have met seven clubs on three occasions which are Bamber Bridge, Radcliffe Borough, Clitheroe, Salford City, Sheffield, Trafford and Colwyn Bay

Our first meeting was against Winsford United. Our first win was against Witton Albion
Best performance 2014/15 Second Round Proper

In all to the First Round Qualifying in 2019/20 we have played seventy different opponents in one hundred and seventeen matches.

Biggest win 6-1 (North Ferriby United & Skelmersdale United)

Biggest defeat 1-8 (Radcliffe Borough)

Biggest aggregate score 1-8 (as above) and 4-5 (Winsford United)

Josh Amis v AFC Fylde

Introducing... South Shields FC

It has now been over 130 years since the first recorded appearance of a named South Shields Football Club.

A team from the town began playing friendly matches in 1888, and from those early times, the town club has been subject to much fortune and misfortune.

The club, in all of its incarnations, has had many twists and turns, and is now more than five years into another exciting new era.

South Shields Athletic AFC was a member of the Northern Alliance League, and enjoyed moderate success in its short career of five years before being disbanded in 1902 due to financial problems.

The name of Jack Inskip features prominently in the early annals of South Shields FC, and he is credited with the formation of a junior club in 1899 of local schoolboys from the Adelaide Street area of Laygate, that progressed beyond all measure to be ultimately elected into membership of the Football League in 1919.

This team was known as South Shields Adelaide Athletic, and after much success, it re-organised two years later as a limited company in 1910, and now changed its official title to that of South Shields Football Club, and was victorious in the Durham Challenge Cup the following season.

Numerous records were made and smashed, plus two consecutive North Eastern League championship titles won, in which seasons only four games were lost.

The 1913-14 and 1914-15 campaigns turned out to be most remarkable for Shields as they were winners of six trophies, champions of the North Eastern League in the first season by a margin of 15 points, winners of the Durham Football Association Challenge Cup, the Ingham Infirmary Cup and retained the Black Cup (Tynemouth Infirmary Cup).

Shields were champions of the league for 1915-16, and in 1919, the years of effort behind the drive for the Football League came to fruition with its election to the Second Division, or the second league as it was then titled.

Initially all seemed promising, and manager Jack Tinn and his colleagues had good reason for guarded satisfaction.

In the 1921 season, with Shields top by five points at Christmas, promotion was in the air and the distinct possibility of league derbies against neighbours Newcastle United and Sunderland was an exciting prospect.

However, the impetus was not maintained, form suffered and the club finished in sixth place, only 10 points behind champions Nottingham Forest. Indeed only seven more points would have seen Shields promoted as runners-up, and only the bitter pill of crushing disappointment was their reward. How very different club history could have been if promotion had been realised.

Famous players in this period included Warney Cresswell – the only player ever to gain a full international cap with Shields – and Alf Maitland.

Shields reached the FA Cup fifth round in 1925-26 and again in 1926-27, and the ground attendance record for Horsley Hill was achieved, 24,348, but the visitors Swansea Town denied Shields further progress.

The club sold its best players, though, and was relegated to the Third Division North before, facing impending bankruptcy, the only viable alternative from closure was to move, and this regrettable point was reached in 1930.

Despite a final league table position of seventh, the club left the town and moved to Gateshead.

A new club was eventually established, and won the 1938-39 North Eastern League championship and the Durham Challenge Cup.

In 1950, Shields moved to Simonside Hall and for a few years from the mid-1950s, it was widely acknowledged as one of the better non-league clubs in the country.

The development of Simonside Hall, backed by the endeavours of a supporters club with a recorded membership of over 13,000, produced positive dividends.

Shields played in five different leagues during the 1950s and 60s, and many will recall with great pleasure the appearance of the great Stanley Matthews in a game at Simonside Hall in 1966.

A major change in the national non-league set-up came in 1968 with the formation of the Northern Premier League, part of the new football pyramid, with South Shields invited as a founder member.

The club advanced to the FA Cup third round in 1970 and was drawn away to Queens Park Rangers. The final result of a 4-1 defeat also told a story of missed chances by Shields and numerous injuries sustained, against a side that included Terry Venables and Rodney Marsh.

Also in 1974, the club reached the FA Trophy semi-final, but financial problems culminated in 1974 with the total loss of the club, the ground of Simonside Hill and all effects.

The club went to Gateshead for the second time in 44 years, re-emerged as Gateshead United and took the place of South Shields in the Northern Premier League, and the rest is history.

A new club, the South Shields Mariners FC, was born, and started with nothing.

Initial progress was quite remarkable and only the lack of a ground with adequate facilities to satisfy the required criteria of the Northern League for promotion prevented this being maintained.

After the winning of two consecutive Northern Alliance League championship titles, and an appearance in the FA Vase quarter-final, the club joined the Wearside League. Further success followed with the winning of the Durham Challenge Cup at Roker Park in 1977.

A ground to develop became a long-running issue and over the course of the next long 18 years, so the club remained a member of the Wearside League, seemingly unable to leave the council-owned Jack Clark Park.

In 1992, the redundant sports club and ground of Filtrona FC became available for purchase, and following protracted negotiations was bought by the club.

Gradual upgrading and development of Filtrona Park and promotion to the First Division of the Northern League was achieved in the years that followed.

The club won silverware in 2009-10 in the Northern League Cup and followed it up with victory in the JR Cleator Cup, but it faced a major challenge to stay at Filtrona Park after its former owner put it up for sale, and eventually Shields were forced to leave the ground in 2013.

They also suffered relegation to Northern League Division Two in 2012-13, and kicked off the following season 20 miles away from home, in Peterlee.

The club played home matches there for two years until new chairman Geoff Thompson bought Filtrona Park – which he renamed Mariners Park and has since become 1st Cloud Arena as part of a sponsorship deal – in the summer of 2015 to start a new era at the club.

In his first season at the helm, Shields won the Northern League Division Two title with 107 points, and in the off-season, Mr Thompson pressed ahead with his plans for the club.

Ground improvements – which began in his first summer at the club – continued, with three new stands erected and a new 3G facility installed adjacent to the main grass pitch.

Shields followed up that superb campaign with the most successful season in the club's history, winning the Northern League, Northern League Cup and Durham Challenge Cup before adding the icing to the cake by lifting the FA Vase at Wembley - the first national trophy in the Mariners' history.

The following season, a third consecutive league title and promotion was achieved as Shields won the Northern Premier League North Division, before they missed out on a fourth consecutive promotion with a defeat in the following season's play-off final.

The club switched to a hybrid model during the summer of 2019, with much of the first-team squad now training on a full-time basis at the Harton and Westoe Miners' Welfare Ground.

The Mariners were 12 points clear at the top of the NPL Premier Division when the season was curtailed, and declared null and void by The FA, as a result of the coronavirus pandemic

South Shields FC The Players

Myles Boney

Position: Goalkeeper Previous Club: Blackpool

After making a big impression on loan from Blackpool last season, the young stopper made a permanent switch to 1st Cloud Arena in the summer

of 2020. A player with Football League appearances under his belt, Boney is a commanding and confident goalkeeper.

Ross Coombe

Position: Goalkeeper Previous Club: Consett

A talented goalkeeper who joined Shields in the summer of 2019, Coombe will be looking to kick on in the 2020-21 campaign. He started his senior career with a spell with Consett as a teenager and impressed in the Northern League before his move to the Mariners.

Blair Adams

Position: Left-back Previous Club: Hartlepool United

Dynamic and energetic full-back with vast experience in the professional game from spells with the likes of Sunderland, Coventry City, Notts County and Cambridge United. The left-sider joined his hometown club in the summer of 2018 and his performances have been of a consistently top standard.

Craig Baxter

Position: Right-back / Left-back / Central midfield Previous Club: Gateshead

An experienced and hugely dependable campaigner, Baxter is into his fifth season at 1st Cloud Arena, having joined from Gateshead in 2016. A natural right-back, he can also slot in seamlessly elsewhere in defence or in midfield, with his football intelligence one of his key assets.

Gary Brown

Position: Centre-back Previous Club: Darlington

After a mixed first season at South Shields in 2018-19, Brown enjoyed a stellar campaign in 2020-21 as a no-nonsense and commanding presence at the back. Those are qualities which saw him enjoy huge success at Darlington, who he helped to three promotions as they made their way through the pyramid.

Jordan Hunter

Position: Right-back Previous Club: Sunderland

South Shields' Young Player of the Year for 2019-20 joined on a permanent basis from Sunderland in the summer after a string of electric displays at right-back during his loan spell at the club. His arrival was a major coup for the Mariners, with the Liverpool Academy graduate having previously made his debut for Sunderland's first-team.

Dillon Morse

Position: Centre-back Previous Club: Blyth Spartans

Defender who has come of age at South Shields since joining from Blyth Spartans in the summer of 2016. A regular recipient of fan awards, Morse is a hugely popular presence and his understated yet consistent displays, as well as his goal threat from set-pieces, mark him out as a key member of the team.

Jon Shaw

Position: Centre-back / Striker Previous Club: Gateshead

Club captain Jon Shaw is also Shields' Head of Professional Development and has a key role, on and off the pitch. Playing is still at the forefront of his priorities though and his quality at both ends of the pitch, as well as his leadership qualities, continue to shine through. He was previously a prolific National League striker.

Wouter Verstraaten

Position: Centre-back / Central midfield Previous Club: Consett

Verstraaten caught the eye after joining from Consett midway through last season, having previously come through the ranks of PSV Eindhoven and gone on to study in the USA. Able to play in defence or midfield, the Dutchman spurned interest from elsewhere to extend his stay at Shields in the summer of 2020.

Robert Briggs

Position: Central midfield Previous Club: Spennymoor Town

The longest-serving member of Shields' squad will be hoping to make his 300th appearance for the club during the 2020-21 season. The vice-captain has been part of three promotion campaigns and remains a vital part of Shields' midfield with his technical qualities and proficiency from dead ball situations.

Luke Daly

Position: Wide midfield Previous Club: Droylsden

Midfielder who burst onto the scene at 1st Cloud Arena after signing from Droylsden in February 2019, but has since suffered terrible luck with two knee injuries. The tenacious former Manchester United and Burnley youngster will be looking to make up for lost time when he returns to fitness.

Josh Gillies

Position: Wide midfield Previous Club: Darlington

One of the most talented players on the North East non-league circuit, Gillies joined Shields from Darlington in 2018 and can play on either flank or behind a striker. A dead-ball expert with a real eye for goal, he counts Carlisle United and Gateshead among his other former clubs.

Will Jenkins

Position: Central midfield / Number 10 Previous Club: N/A

Teenager whose stunning goal on his first league start against Radcliffe was one of Shields' highlights of last season and marked a brilliant rise to prominence for the midfielder. A graduate of the Mariners' Academy system, there are high hopes for the determined and talented youngster in 2020-21.

Nathan Lowe

Position: Central midfield / Number 10 Previous Club: Southport

One of the real characters of the Shields dressing room, Lowe joined from Southport in October 2018 and established himself as a real crowd favourite at 1st Cloud Arena. A danger from long range and a true link between league and attack, he forms a potent partnership with good friend Jason Gilchrist.

Will McCamley

Position: Wide midfield Previous Club: Huddersfield Town (parent club)

Tricky winger who made a great impression for Shields' Academy before earning a move to then-Premier League side Huddersfield Town in the spring of 2019. After progressing with Huddersfield's Under-23s in the 2019-20 season, he rejoined Shields on loan in the summer of 2020.

Callum Ross

Position: Central midfield Previous Club: Oklahoma City Energy

A player well-known to Graham Fenton and Lee Picton from their time together at Monkseaton High School's football academy, he signed for Shields in January 2020 after successful spells in America with Oklahoma City Energy, Charlotte Independence and Wingate University. A commanding and energetic presence in midfield.

Arron Thompson

Position: Central midfield Previous Club: West Auckland Town (loan)

One of the success stories of Shields' Academy, Thompson progressed into the first-team ranks in the 2019-20 season and made a huge impression when called upon. A midfielder who rarely makes a mistake, he applies himself superbly on and off the pitch and will be hoping to push on further in 2020-21.

Phil Turnbull

Position: Central midfield Previous Club: Darlington

A mainstay of the North East non-league scene, Turnbull has represented the likes of Hartlepool United, Gateshead and Darlington with distinction. The midfielder was always linked with a move to hometown club Shields though and he joined in the summer of 2018, with his consistent displays earning him a regular spot in the team.

Jason Gilchrist

Position: Striker Previous Club: Southport

Striker who is a constant threat to any backline and proved his worth to Shields and then some after joining from Southport in the summer of 2019. A forward with real predatory instincts, he was previously the National League North's top goalscorer and counts FC United of Manchester among his former clubs.

Sam Hodgson

Position: Striker Previous Club: Ryhope CW (loan)

A teenage striker who has slotted seamlessly into the first-team set-up at South Shields, Hodgson has proved himself as a natural goalscorer at Academy level and will now be aiming to prove this credentials in senior football. The 2020-21 campaign could be a real breakout one for this talent.

Alex Kempster

Position: Wide midfielder / Forward Previous Club: York City

An athletic wide player or forward who is a potent goal threat, Kempster signed for Shields after opting to leave National League North side York City in the summer of 2020. He had enjoyed an impressive spell at York, who he joined from Whitley Bay, and will be aiming to continue his progression at 1st Cloud Arena.

Lee Mason

Position: Forward / Number 10 Previous Club: North Shields

Massively popular with team-mates, staff and supporters alike for his unselfish playing style, Mason is technically-gifted and had spells with the likes of Whitby Town, Blyth Spartans and North Shields before his move to South Shields in February 2018. A player who makes the game look easy when he is on song.

Darius Osei

Position: Striker / Wide forward Previous Club: Stalybridge Celtic

Exciting forward who joined Shields just a matter of days after scoring twice against them for Stalybridge Celtic in February 2020. In truth, though, the Mariners had been attracted to the electric former Oldham Athletic player for some time previous to that and there are high hopes for him in 2020-21.

STAFF PROFILES

Graham Fenton

Position: Joint Manager

A former Premier League striker with Aston Villa, Blackburn Rovers and Leicester City, Fenton moved seamlessly into coaching and management. After a successful stint managing North Shields, he took over as joint manager at South Shields in September 2016 and forms a formidable, multi-trophy winning management team with Lee Picton.

Lee Picton

Position: Joint Manager

Picton has become a hugely-respected coach and manager after ending his playing days, which included two FA Vase wins while at Whitley Bay. He has been alongside Graham Fenton for more than a decade, with the pair having previously worked together at Monkseaton High School's football academy. Picton is also a former Newcastle United Academy coach.

Brian Smith

Position: Assistant Manager

Another to have made a successful transition from playing to coaching, Smith joined Shields as assistant manager in January 2019, having earlier worked under Graham Fenton at North Shields. Also a former North Shields manager himself, Smith is hugely popular with players and is a key member of the management team.

Phil Naisbett

Position: Goalkeeping Coach

Into his fourth season as South Shields' goalkeeping coach, Naisbett is highly-respected in the game and has built a strong rapport with each goalkeeper he has worked with in his time at the club. A former professional goalkeeper, he started his playing career at Sunderland and also played for the likes of Scarborough.

Andrew Morris

Position: Physiotherapist

Physiotherapist who has dedicated more than a decade of service to his hometown club. A popular figure with players, he has often been credited for his excellent work in handling injuries and ensuring players return to fitness in a timely, but safe, manner.

George McLaughlin

Position: Kitman

Popular McLaughlin first joined as physio during the club's time in Peterlee, and moved into the role of kitman after Andrew Morris returned for his second spell. He is a jovial presence in the camp who has a connection with players, staff and fans alike.

CUP MATCHES – ONE

2020/2021 FA Cup First Round Qualifying Warrington Town v South Shields

The match on 29th September 2018 was the first ever meeting between Warrington Town and South Shields. They became our 108th different Northern Premier League opponent and in all our 338th different opponent, given available records. Both sides were pushing for promotion at that early stage of the season but we laid down a marker with a 3-0 win. Bohan Dixon, Josh Amis and Jake Kirby all registered. We met again in mid February and it was just as close as 3rd played 2nd with just a couple of points in it. A fantastic crowd of 1996 assembles to watch a pulsating game. Town went 2-0 through Amis and Jack Dunn before Shields pulled one back. Either side could have added to their tally and Town defended stoutly as the game drew to a close to hold on for an invaluable three points to stay in second on goal scored behind Farsley Celtic. We would meet once more that season, the tie being the final of the Premier Division Play-off's. South Shields had finished second and Town third so it was back up to the north east. This time South Shields opened the scoring but Town turned it around with goals from Dylan Vassallo and Josh Amis to set up a Super Play-off Final at home to Kings Lynn Town. Sadly that was lost 2-3 after extra time

The first meeting of 2019/2020 came on 7th December with Shields top of the league and Town four points behind in third. Ben Garrity opened the scoring but the lead would only last seven minutes. That is how it ended despite Shields being reduced to ten men for an alleged stamp. We would not get to play the return match that season due to the COVID-19 outbreak

LOOKING BACK TO SEPTEMBER 22nd – ON THIS DAY...

1973/1974

Town travelled to Milton United for a Mid Cheshire League match. We came back with a 3-2 win thanks to goals from Groarke (2) and Gleave

1979/1980

Another away day, this time to Prestwich Heys in Cheshire League Division Two. It was honours even in a 1-1 draw.

1990-1991

A 2-0 win at home to Farsley Celtic in this HFS Loans League Division One fixture. 233 saw Hughes and Dunn score for Town.

1993/1994

A 2-1 Northern Premier League Division One win at home to Congleton Town.

2001/2002

Town's second FA Vase game of the season brought another big home win. In this occasion Yorkshire Amateur were beaten 5-1 in the Second Qualifying Round. The goals came from Dave Tickle, Chris Moores (2) and Mike Heverin (2). 115 attended.

2007/2008

This time we were off to Derbyshire to play Sheffield in a UniBond League Division One South match. We returned with a 1-0 win thanks to a Chris Moores strike, with 280 attending.

2009/2010

An away day to forget as we tamely exited the UniBond League Cup First Round. It was played at the Leigh Sports Village, new home of Leigh Genesis. Evans got our goal. Sadly, Leigh got six with 139 spectators present.

2012/2013

An FA Cup Second Round Qualifying exit away to Colwyn Bay. 245 saw Townson and McEvilly get our goals.

2018/2019

It was FA Cup again and the same round. This was a cracker as we drew 3-3 at Consett. Twice we trailed but recovered from 2-0 and 3-2 down to earn a replay. 451 were present with Town's goals coming from Bohan Dixon, Dylan Vassallo and Tony Gray

THE NON-LEAGUE PAPER

ESSENTIAL READING FOR FOLLOWERS OF THE NATIONAL GAME

Buy it every Sunday from your local newsagent

Or Subscribe at www.thenonleaguefootballpaper.com

IF YOU'RE reading this, then it's good news – you're reading a football programme, an increasingly endangered species.

Like many things post-covid and in this 'new normal' there are lots of things different at our Non-League grounds now.

The National League have given their clubs the option of not running programmes this year and we've seen similar in the EFL.

In this digital world an increasing number of clubs are looking at those avenues rather than the printed page. Everyone will have their views on this traditional aspect of football match going.

But here we are, in a programme, talking about competitive Non-League football. Hopefully that is as good to read as it is good to write.

For many months now we've not had much competitive football to write about in The NLP. Yes, we had some play-off games, but the return this month of competitive football starting with the FA Cup has been most welcome.

Of course, everything around the game is different. We're all getting used to the added things we have to do. Book a ticket online beforehand, fill out a test and trace form, sanitise our hands as we enter the ground, follow one-way systems.

It's very different to what we left in March when the 2019-20 season stopped in its tracks. Players are turning up in kit, staying out at half-time for team talks – the current weather helps – and sitting apart on the bench.

But, when the whistle goes, it's back to the football we've all missed so much.

Crowds being allowed back in stadiums was a massive breakthrough. Hopefully Steps 2 and above will soon follow because all clubs need that money coming through the gate.

From a reporters point of view, we've never covered such a fluid situation. Things changed literally by the hour. Sometimes even within ten minutes of being told one thing, another call would come through saying it was now something else. It's been a challenge!

Without crowds it would have been impossible to start the season. Then the fears for clubs as soon as the pandemic broke out would have been multiplied.

I remember one week, way back in the summer, being told four different opinions on the start date for 2020-21. One said September/October, another ventured November, someone else thought January and another, informed person, feared not at all!

Thankfully the first person's guess was correct but we all are aware it's a fine line with cases on the rise again.

Already we're getting used to clubs withdrawing from the FA Cup at the last minute because of positive tests and there will no doubt be late cancellations of games throughout the season.

We can all play our part. Help clubs stick to the crucial social distancing rules that need to be adhered to. Fill out test and trace forms and throw a couple of extra quid into the coffers.

Every little helps. Including buying this programme.

Enjoy your football!

By Matt Badcock

THREE SHIELDS IN THE FA CUP BY GARRY CLARKE

As can be seen from our visitor's history elsewhere in tonight's programme football in South Shields has enjoyed a varied history with three clubs bearing the town's name having competed in senior non-league football.

Without going into too much detail, South Shields Adelaide Athletic were formed in 1899 and moved to, and were re-named, Gateshead in 1930. A new South Shields team was formed in 1936 and like their predecessors moved to, and were renamed, Gateshead in 1974.

The present South Shields club was formed in 1974 to fill the void, and have been a very successful replacement claiming numerous league titles and cups along the way as they have risen to the upper echelons of the Northern Premier League, although one competition which they have failed to make an impact on is the FA Cup.

Having first entered the competition in 1993, 2020/21 is the 26th season in which the Mariners have taken part in the FA Cup but have only progressed beyond the first qualifying round on four occasions.

In 1994/95 and 2018/19 they reached the 2nd qualifying round, in 1997/98 they went one step further reaching the 3rd qualifying round and their best performance in the competition came in 2017/18 when they reached the 4th qualifying round. Just 90 minutes away from the competition proper they lost 2-1 at home to Hartlepool United.

Both the previous South Shields clubs fared better in the FA Cup than the current club each making several appearances in the competition proper.

The oldest of the three clubs competed in the FA Cup in 14 seasons between 1912/13 and 1923/30, taking part in the competition proper in each season. Their best seasons were in 1925/26 and 1926/27 when they reached the 5th round, being eliminated by Bolton Wanderers and Swansea Town respectively.

The second incarnation of a South Shields football club entered the FA Cup 28 times between 1946 and 1973 reaching the competition proper 16 times, on 6 occasions they progressed beyond the first round with their best performance coming in 1969/70 when they reached the third round where they lost 4-1 at Queens Park Rangers.

HALF TIME HALF DOZEN

1. Which ground has staged most FA Cup semi-finals?
2. Which club has played in most FA Cup semi-finals?
3. Of the clubs who played in the Premier League in 2019/20 which is the only one never to have played in a FA Cup semi-final?
4. Who scored the first ever goal in a Wembley FA Cup semi-final?
5. Tottenham Hotspurs last FA Cup semi-final win was in 1991, how many semi finals have they lost since?
6. In what year was the last FA Cup semi-final replay?

1. Villa Park, 2. Arsenal, 3. Bournemouth, 4. Paul Gascoigne, 5. 6, 6. 1999
HALF TIME HALF DOZEN THE ANSWERS

PRE SEASON 2020/2021

Pre season was like no other this season in that it started in August and no one was allowed to watch the first few games. It lasted around one month so perhaps a week and a game more than most pre seasons.

If that aspect of our game was different the opening opposition were not as they were the first team we met last season too. I refer of course to Skelmersdale United. **Two former Yellow strikers scored as Warrington Town were held to a 2-2 draw in their opening pre-season friendly** But Tom Warren bundled home with minutes to go to spare the Yellow's blushes on a hot afternoon on which they used 19 players.

It proved a much different work-out to the one that kicked-off pre-season last year, where Paul Carden's side came away 7-0 winners.

There was plenty of rustiness on what was the club's first game for 158 days owing to the coronavirus outbreak, but it took just five minutes for the deadlock to be broken, the ball won in midfield for Dunn to run 30 yards and then drill low in to the bottom corner

Richard Brodie won and converted a penalty 10 minutes from time with what looked to be the winning goal, after Luke Holden had earlier cancelled out Jack Dunn's opener

That looked like pinching the win for the home side, until another Warren late show – some five months after his injury time winner in the Yellow's last match, 3-2 at home to Matlock Town.

Next up Town travelled down the A57 to take on Irlam down at Silver Street. It was the first time we had been there for many years I think. It proved to be a relatively routine win as we scored three without reply. It took until the second half for us to register though with Josh Amis opening the scoring. Josh came close to a second but his effort was saved only for Jack Mackreth to hit the rebound. Jordan Buckley rounded off the scoring late in the game

Town should have travelled to Runcorn Town the following Saturday but that was cancelled and instead a trip to Prenton Park was arranged. Although pre-season often counts for nothing Town put in a landmark result against their Football League opposition. The Yellow's had battled through a goalless first half against a relatively strong Tranmere side and then took the lead through Jordan Buckley five minutes after the restart.

A bit of Bohan Dixon magic doubled the lead going in to the final quarter and Jack Mackreth won and scored a penalty to add gloss late on.

It was Tranmere's first outing of pre-season on a freshly-laid pitch at the League Two club's home ground, and though not at full strength, they started with six players who featured in their last competitive fixture against Blackpool back in March.

Former Liverpool midfielder Jay Spearing, not one of the six who played against Blackpool, started while ex-Everton striker James Vaughan came off the bench at half-time.

The hosts made a couple of changes at the break, including Vaughan and midfielder Ollie Banks, and made a really crisp start, forcing a corner seconds in thanks to a Grogan interception.

But it would be Warrington who broke the deadlock, a goal kick forward not dealt with by the Tranmere back line and it fell to Buckley who kept his cool through on the goalkeeper for 1-0.

A second goal came on 75 minutes, Mackreth – who had gone in to a central striker role following the withdrawal of Buckley, the only striker in the match day squad – sliding Dixon in on the left channel, he stood up a defender, cut inside, feigned to shoot twice and then expertly steered the ball left-footed inside the near post.

Tranmere's frustrations were evident in the closing stages, a substitute booked for a cynical foul on Carney, and the same player then leaving one late on the impressive Trialist B, which resulted in a stern talking to from the referee and unhappy Yellow's skipper Mark Roberts.

There was still more misery for the hosts though, Mackreth holding the ball up on the left and then attacking his marker into the box, he was brought down for a penalty. Mackreth dusted himself off and converted, despite the best efforts of Murphy in the Tranmere goal.

Town recorded a third successive pre-season win as they beat Liverpool side Lower Breck 2-1 in the shadows of Anfield on Monday evening (24th August).

After a goalless first half, the introduction of Jack Mackreth sparked the Yellow's to life and he helped set up a goal for Craig Carney eight minutes after the restart and then added a goal of his own midway through the second half which proved enough.

Jordan Buckley missed a late penalty amidst a slightly disappointing end, that saw Lower Breck pull a goal back after a defensive lapse, while the Yellow's were perhaps fortunate not to concede a spotkick of their own in the dying stages against the North West Counties side, who showed up well.

Blackpool midfielder Ben Garrity, who the Yellow's signed from Lower Breck, was in attendance to watch both of his former clubs in action, although there wasn't much action in the opening quarter of an hour.

It took just 48 seconds for the returning fans to see a goal at Cantilever Park – as Warrington Town eventually prevailed 3-2 at home to City of Liverpool in the latest pre-season hit out.

A sell-out crowd at the COVID-19 restricted capacity of 300 were treated to two goals inside the first three minutes, as first the Yellow's struck with a powerful Matt Regan header from a superb cross from Trialist C, who again impressed pulling the strings in the centre of midfield.

After Bohan Dixon missed a chance to double that lead a minute later, City of Liverpool equalised in the third minute when former Yellow's midfielder Dom Reid, one of a number of players back on the old stomping ground, won a penalty off Tom Warren and then stepped up himself to convert past Trialist A in goal.

It was inevitable that the game couldn't live up to the franticness of those opening exchanges, and if anything, it was the visitors who had the better of the first half, proving to be a tidy and organised side under one of Cantilever Park's most famous sons, Craig Robinson.

Incredibly, the second half would see a goal even quicker than the first – barely 30 seconds had gone since the referee signalled the restart, when Tony Gray slid in McDonald, who lofted over substitute 'keeper Trialist E, whose first touch was to get the ball out of the back of his own net.

It was a slow start to the second half for the hosts, but they equalised on 58 minutes thanks in part to the tenacity of Mitch Duggan in midfield to win the ball back, with Craig Carney's flick then finding Buckley to nip in and just get enough on it to beat the 'keeper and find the back of the net.

We took the lead on 66 minutes, Trialist C curling a beauty left-footed from 25 yards in to the top corner after Duggan had orchestrated the play down the right alongside Carney.

With both sides experimenting with personnel, the game died out a little bit after then, but the Yellow's held out to maintain their unbeaten run in pre-season.

WARRINGTON Town suffered their first defeat of pre-season as they were soundly beat 4-0 at home to National League North side Southport.

The Yellow's were second best, even if there was little they could do about the last two goals, which were excellent strikes from Marcus Carver and George Newell.

Pre-match signing Luke Duffy played 80 minutes and showed a glimpse of what he might do for the Yellowshirts this season, and he would have had the best chance of the first half after an outrageous turn on the edge of the box, if he hadn't been pulled back by a defender and then been denied an advantage by the referee.

Two minutes later, on 26 minutes, Southport hit the front. Dylan Vassallo, appearing against his former club, was hounded out of possession by Mitch Duggan but it fell nicely for the visitors, the ball dropping for impressive striker Jack Sampson, who clinically poked home past Trialist A.

Unfortunately, it was a mistake by Trialist C that enabled Southport to double their lead, spilling a corner at the feet of Mo Ali.

The flurry of substitutes did little to disrupt Southport's handle on the game and they added a third five minutes later, a fine strike by Carver from outside the box.

The visitors forced a succession of corners and as time ran out, added a fourth – the excellent Newell turning sharply on the edge and finding the back of the net off the inside of the post.

Stand-in skipper Josh Amis scored twice as Warrington Town coasted to a 2-0 pre-season victory over a young Salford City side.

Amis was given the armband in the absence of captain Mark Roberts and he grabbed a first half brace, pouncing on a loose ball in the goalmouth and then finishing clinically when released through on goal by new signing Luke Duffy.

No Roberts meant an experimental back three for the Yellowshirts, with Matt Regan and Evan Gumbs either side of Callum Grogan, and they were rarely troubled in front of the trialist goalkeeper.

Amis could have opened the scoring as early as the third minute when a defender stood on the ball on the edge of the box gifting the striker possession in space, his curling shot dropping wide of the keeper's left-hand post.

He didn't have to wait too long for a goal though, a cross to the back post by Trialist B was knocked across by Tom Warren and when the 'keeper couldn't keep hold of it, Amis was there to poke in to the roof of the net for 1-0 on 12 minutes.

With a fortnight to go until the Yellowshirts' opening league game, the manner of his finish for the second goal on 21 minutes was encouraging, scampering after Duffy's slide-rule ball through the middle and then firing across the 'keeper and inside the far post.

The chance for a first half hat-trick soon fell too, a shot from a tight angle from the right of the box well saved by the keeper's body.

It remained 2-0 at half time, although Trialist A was at least forced in to virtually his only save of the match, beating away a drive from the Salford right-back from outside the box.

Chances were at a premium in the second half, with neither 'keeper making a save of note, although the Salford stopper did have to be alert to snuff out dangerous crosses from Trialist B, who played well at right wing back, and Duffy, who gave the crowd the highlight of the afternoon with a lovely Maradona turn that got him out of a hole tight to the left touchline.

The game went through the motions in the final quarter, Trialist E shooting over from a wide position about the only action of note.

Warrington Town fell to a 1-0 defeat to Padiham with a lacklustre display in their latest pre-season outing.

A largely forgettable contest was only livened up on occasion by Padiham front two Dominic Craig and Ben Ashton, with Craig scoring the only goal of the match on 18 minutes.

He finished well past Trialist A after Padiham had turned defence in to attack, robbing Bohan Dixon in a good position and then playing a long ball through the middle that split the Yellowshirts defence.

The Yellows had a couple of first half chances, Josh Amis' deflected shot well saved by the 'keeper, who also did well to claw away Luke Duffy's header from Jack Dunn's right wing cross.

Padiham had a chance through Craig in the early stages of the second half, but the Yellows largely snuffed out their threat thereafter, though struggled to create chances of their own, despite winning 20 corners throughout the match.

The closest they came to an equaliser was when Dixon unleashed a rocket with his left foot, the rising shot clattering off the crossbar.

The introduction of Louis Sharp gave the Yellows a bit of impetus going in to the final quarter, though his blocked goalbound shot on 65 minutes was about all there was to write home about.

Warrington Town rounded off their pre-season programme with a goalless draw at home to National League North side AFC Fylde.

A crowd of 403 saw Paul Carden's side go through their final preparations ahead of the start of the Northern Premier League season away at Basford United

Chances were at a premium, while both trialist goalkeepers fielded by the Yellows staked their claim for a permanent place in Carden's squad, which was missing Mitch Duggan and Callum Grogan.

The Yellows' best moment in the first half came when Jack Dunn turned wonderfully out of a challenge in midfield and drove at a defender, having his first shot blocked and then the 'keeper got down at his feet off the rebound.

PRE SEASON RESULTS 2019/2020

15/08/2020	Skelmersdale United	2	Warrington Town (Dunn, Warren)	2
18/08/2020	Irlam	0	Warrington Town (Amis, Mackreth, Buckley)	3

Comment	.A rather basic colour photocopied issue. Relatively little in it in truth and some of that is spaced out with a large font used. Not one to live long in the memory. A case of doing one because they have to perhaps.	An on-line only publication bar the team sheet which comes with the £5 admission. The programme itself is rather limited being mainly ads but the basics are included. The team sheets has plenty of stats on the opposite side. No charge though.

Comment	An all colour glossy production that is actually 16 pages but had an insert included as this was a reissue from a call off six weeks earlier. The basics are in plus a few articles. Not sure if some are ever present? A bit thin	* An on-line only issue these days, hence no charge. All in colour it has a nice cover but most of the content is well spread out. It looks nice but contains little original material bar the editorial. Is this progress? I hope not.
